OFFICE OF THE BANK COMMISSIONER,  
STATE HOUSE, BOSTON, January 21, 1920.

*To the General Court of Massachusetts.*

Complying with the requirements of the Revised Laws, the Bank Commissioner respectfully submits Part II. of his annual report, relating to co-operative banks, credit unions and three savings and loan associations, for the year ending October 31, 1919.

## CO-OPERATIVE BANKS.

On October 31, 1919, 190 co-operative banks were in operation, the aggregate of their assets totaling \$154,879,638.70, an increase of \$14,678,604.72 during the year, the largest increase in any one year since the inception of the co-operative bank system in 1877.

Four new co-operative banks have commenced business, namely, the Andrew Square Co-operative of Boston, on April 1, 1919, the Back Bay Co-operative Bank of Boston, on April 1, 1919, the Hampden Co-operative Bank of Springfield, on September 3, 1919, and the Milton Co-operative Bank of East Milton, on September 17, 1919.

### *Berkshire County Co-operative Bank.*

Since the 1918 report, and up to the date of submitting this report to the General Court, the liquidating committee of this bank has paid two dividends of 5 per cent each, making a total of 100 per cent paid to the shareholders since the date the bank ceased to do business, as follows:—

June 8, 1911, 25 per cent . . . . .	\$41,030 53
March 5, 1912, 12½ per cent . . . . .	20,515 27

May 25, 1914, 10 per cent . . . . .	16,412 22
May 27, 1915, 10 per cent . . . . .	16,412 22
July 3, 1916, 5 per cent . . . . .	8,206 11
Oct. 31, 1916, 5 per cent . . . . .	8,206 11
July 3, 1917, 5 per cent . . . . .	8,206 11
July 22, 1918, 5 per cent . . . . .	8,206 11

Jan. 5, 1920, 5 per cent . . . . .	8,206 11

---

\$164,122 17

The liquidating committee has now disposed of all the assets of the bank, and has paid the final dividend to the shareholders.

The shareholders are to be congratulated on the successful liquidation of the affairs of the bank, inasmuch as no loss has been sustained by them except the interest on the value of the series since the date the bank ceased to do business. The loss of interest, however, has been very small because of the fact that 50 per cent was paid within a short time after liquidating proceedings had commenced, and the balance was paid as fast as the conditions would permit.

### *Condition of Co-operative Banks.*

The following table shows the assets and liabilities for the years 1918 and 1919, and also a comparison by percentages of the distribution of the investments for the past six years:—

An analysis of this statement shows that during the past year the loans on real estate increased about \$14,000,000, and the loans to members on their shares \$140,813.60. While the report for 1918 showed that the new loans made on real estate were less than those in 1917 by over \$5,000,000, this year's report shows that the new loans exceed those of last year by over \$8,000,000. The report for 1918 shows that partial payments or full payments on real estate loans were \$4,000,000 less than in 1917, while this year's report shows that partial payments are \$6,000,000 more than last year. The increase in partial payments would appear to be due to the fact that the buyers of Liberty Bonds had been using their accumulations toward the reduction of their mortgage loans. The amount of new loans made on shares was \$80,000 more than in 1918, although the repayments on the same amounted to only \$41,000, whereas the report of the previous year shows the repayments to be \$142,000 more than the year 1917.

*Receipts and Disbursements.*

From the following table it is seen that the total receipts and disbursements for any year is very large, the transactions during the year aggregating over \$79,000,000.

The volume of business transacted each year by the banks shows the necessity of having influential and public-spirited citizens on the boards of directors and of having faithful and conscientious officers. The shareholders are to be congratulated upon the efficient management of their affairs.

As will be seen in the preceding table the average rate of interest received on loans is gradually increasing. While in 1909 almost half of the loans were at 5 per cent, this year's report shows that at the present time only about one-eighth are now at that rate, the prevailing rate being higher.

The following table shows the rates of dividends distributed by the banks for the past twelve years, and that the average rate for the past year was 5.27 per cent:—

---	--------------

The aggregate amount of foreclosed real estate held by the banks at the date of this report was \$336,882.13, a decrease of \$216,062.56 over that held a year ago. The assessed value of this real estate, which is held by 61 banks and comprised of 148 pieces, is \$360,735. Much of this foreclosed real estate is located at some distance from the banks that had made the loans. Loans which are refused by a local bank are often taken by a bank located some distance away, and in many instances with unsatisfactory results.

The following statement shows the amount of foreclosed real estate and common-form mortgages held by the banks each year since 1890:—

*Verification of Pass Books.*

The matter of the necessity of having a periodical verification of the amounts due to shareholders by having all pass books verified by some disinterested person not connected with the actual keeping of the books was brought to the attention of the executive officers of the banks early in 1919, and the Commissioner prescribed that such a verification be undertaken and completed before the close of the October business. The following table shows the results obtained and also a comparison with the verification in 1915, and it is very gratifying to the department to know that about 95 per cent of all pass books outstanding have been compared with the books of the banks, and that although errors were found in 1,854 books, they were all of a clerical nature, and did not involve any manipulation of the accounts.

*Maturity of Shares.*

During the year 49,355 shares reached their matured value of about \$200 each. The aggregate of these matured shares was \$9,795,956.02, belonging to 8,698 shareholders. There were 1,712 shareholders who had borrowed from the banks, and these shareholders applied the proceeds of their shares to pay off their real estate mortgages to the extent of \$1,498,164.62.

Since co-operative banks were first organized 393,543 shares have reached their matured value, the aggregate of which, amounting to \$78,636,096.93, was repaid to 78,671 shareholders, who used the proceeds to either pay their mortgages or share loans, or withdrew their money, while many of them availed themselves of the privilege of allowing their money to remain with the bank on deferred matured certificates; these certificates are held to the extent of \$8,419,400, distributed in 88 co-operative banks.

## SAVINGS AND LOAN ASSOCIATIONS.

In accordance with the provisions of chapter 121, Acts of 1912, this department has examined and audited during the year the books and accounts of the following savings and loan associations:—

Attleborough Savings and Loan Association, Attleboro.  
Norton Savings and Loan Association, Chartley.  
Plainville Savings and Loan Association, Plainville.

## CREDIT UNIONS.

Credit unions were authorized in this Commonwealth by chapter 419 of the Acts of 1909, and on May 1, 1910, the Myrick Credit Union of Springfield commenced business, being the first credit union to begin operations, although not the first to whom a charter was granted. In the eleven years since the above-named act went into effect, the Board of Bank Incorporation has granted certificates to 90 credit unions, 60 of which are now in operation; 8 have not as yet commenced to do business; 5 are in possession of the Bank Commissioner acting under the provisions of chapter 399, Acts of 1910; 2 have been liquidated by the Bank Commissioner by authority of the same act; and 15 have dissolved in conformity with the provisions of the act governing credit unions.

The Legislature of 1915, on May 20 of that year, repealed chapter 419, Acts of 1909, and since that date credit unions are subject to the provisions of chapter 268, General Acts of 1915.

Credit unions making reports to this department showing their condition at the close of business October 31, 1919, numbered 60, an increase of 1 since October 31, 1918. These reports show gross assets of \$2,791,165.75, an increase of \$813,386.81. The total membership is shown as 22,987, an increase of 5,351. There was paid during the year as dividends to shareholders the sum of \$29,656.07, and as interest on savings accounts the sum of \$44,975.10. Since the previous report the La Caisse Populaire de Lawrence Credit Union has commenced business, as has also the Crescent Credit Union of Brockton, to which a charter was granted on June 18, 1919. A certificate was issued to the Ranfac Credit Union of Boston, but this union had not opened for business on October 31, 1919. In November, 1918, the Notre Dame du Perpetuel Secours Credit Union

changed its corporate title to Holyoke Credit Union. The Peabody Hebrew Credit Union, the Salem Investment and Credit Union, the Lynn United Hebrew Credit Union, and the Peoples Credit Union of Lynn are still in possession of the Bank Commissioner, their affairs remaining in the same condition as at the time of the previous report, no money having been received on their account since that time.

I am of the opinion that the affairs of credit unions are now conducted in an efficient manner, and that there is a better understanding by the various officers of their duties and of their obligations to the members of the unions whom they represent; but I am still impressed with the danger that exists for credit unions, since the majority of the loans are made to those who possess but little more than their health and good character. However, the reports of 1919 show that, since the report of 1918, loans have been made to a total amount of \$2,153,842, and from the examinations made during the year it appears that the losses incurred have been practically negligible. This amount of money loaned among a membership of about 23,000, and to, probably, more than 10,000 borrowers whose financial standing was such as to preclude the possibility of loans from other financial institutions, must have done a very great amount of good and have been a very present help in time of need to many people. It must also be considered that \$44,975 was distributed in interest and \$29,656 paid as dividends, with \$26,826 more held as undivided earnings to be given out as dividends in November, a great deal of which went, or is to go, to persons who had, previous to the introduction of credit unions, never acquired the habit of saving. I am, therefore, convinced that there is much to be said in favor of credit unions.

TO THE PROVISIONS OF CHAPTER 428, ACTS OF 1905, AND ACTS  
IN AMENDMENT THEREOF AND ADDITION THERETO.

Conditions have improved among this class of bankers since the previous report, but they continue to have troubles. The fluctuation in the value of lire exchange has caused sleepless nights for some of the Italian bankers, although they have all come through without financial loss. Among the bankers who have a following of those of Russian, Austrian, Polish and Lithuanian birth, the same uncertainty exists as in 1918. Thousand of remittances have been made to these countries, delivery of which cannot be shown, and it is probable that the consequent loss will fall upon the remitters. This loss, while small in individual cases, will, as a whole, amount to a great deal of money. It is interesting to note the amount of money which went to Portugal and the Azores during the year, totaling over \$3,000,000, an increase of more than \$1,500,000 over the amount sent in the preceding twelve months. As nearly the entire amount was sent from New Bedford, Fall River and Lowell, it would seem that not all of the earnings of the mill workers in these cities went to meet the high cost of living. It is also interesting to note that the money sent to Italy totaled \$12,079,905, which was \$5,055,215 more than in the preceding twelve months; of this amount \$4,876,706 was sent for deposit in the Italian Postal Savings Bank. In addition to the money sent to Italy, the Italians in this State have invested an amount probably nearly as large in bonds of the Italian government of different issues. As the money paid for these bonds is not included in the totals of money reported as sent to Italy from residents in this Commonwealth, it is plain that the cost of living among the people of Italian descent has not kept pace with the increased compensation received by them.

Reports were received from 77 bankers, 50 of whom were holding money received for safe-keeping to a total amount of \$3,187,506, which was \$348,870 more than was held by these bankers at the time of the preceding report. The total amount sent to foreign countries during the twelve months preceding November 1, 1919, was \$17,251,870, an increase of \$7,802,138.

During the fiscal year there was collected as license fees and paid into the treasury of the Commonwealth the sum of \$3,375.

The following table is compiled from the last five annual reports made to this department, and shows the amount of money forwarded to various countries during each of the years covered by those reports: —

### RECOMMENDATIONS.

I hereby make the following recommendations for consideration and action by the General Court for the ensuing year: —

1. Recent legislation authorizes savings banks, institutions for savings and trust companies in their savings departments to declare and pay dividends or interest to their depositors as often as once a month, provided the interest has been earned and collected. The present statute requires that the trustees of savings banks cause an examination of the income, profits and expenses of such bank to be made for the current six months immediately preceding the declaration of a dividend. If a savings bank desires to avail itself of the authority to change from the semi-annual dividend periods to shorter periods, the examination to determine the profits and expenses should be made for those periods. I therefore recommend that section 61 of chapter 590 of the Acts of 1908 be amended to meet the new conditions.

2. The statute provides that trust companies shall not make a loan to any one person in excess of a certain proportion of its capital stock and surplus. The spirit of the law is to prevent too large a part of its capital being invested in one place or enterprise. By making loans to various persons with the same collateral, or by making a division of the collateral and making various loans on the various parts of the collateral, or investing in the shares of stock of a single corporation, one person or a group of persons might be able to use the entire resources of one trust company in aiding their own schemes. To avoid such contingency, I recommend an amendment to the statute to prevent such a situation.

3. Co-operative banks are established for the purpose of accumulating the savings of their members in fixed periodical installments and loaning such accumulation to them. It has frequently occurred that the accumulations available for loaning have not been sufficient to supply the demands for loans. The present statute does not permit a co-operative bank to borrow money for the purpose of reloaning. I believe it to be a safe principle that these banks should incur no obligations other than to their shareholders or for current expenses, but in order that these banks may more readily accommodate their borrowers at the times when the demand for money for building or purchasing homes is most urgent, I believe it would be wise to permit the borrowing of money for the above purposes, with the stipulation that the co-operative bank shall repay its borrowing within six months. I therefore recommend that section 4, chapter 643 of the Acts of 1914 be amended to authorize such borrowing.

4. As to credit unions, although they are organized for the purpose of accumulating and investing the savings of their members and making loans to members for provident purposes, yet the statute authorizes the use of the word "bank" if approved by the Board of Bank Incorporation. They are not limited in their investments as are other Massachusetts banks. They make loans on second mortgages and loans beyond the confines of the Commonwealth, and, generally speaking, obtain a larger interest rate than do other banking institutions. As they are carried on for the profit of their members, I see no reason why they should be exempt from taxation as eleemosynary institutions. I therefore again recommend that they be not exempted from taxation. I also recommend that their loans on real estate be limited to at least 80 per cent of the value of improved

property, or 50 per cent of the value of farm lands loaned on, and that their loans beyond the confines of Massachusetts be limited the same as are those of savings banks and trust companies, and that the committee recommending such loans shall make reports of the value of the property in the same manner as is required of savings banks.

5. I again call to your attention that chapters 470 and 610 of the Acts of 1914 prohibit other than incorporated banks and licensed bankers from soliciting or receiving deposits or transacting business in the way or manner of a savings bank. They do not prevent others than incorporated banks and licensed bankers from receiving deposits of money. It would seem that all persons, partnerships, associations and corporations receiving small amounts of money as above, and who are not under State supervision, should be required to so inform those who entrust money to their care, and in order to determine who may be carrying on such banking this department should have the necessary authority to investigate.

Respectfully submitted,

AUGUSTUS L. THORNDIKE,

*Bank Commissioner.*

There shall also be annexed to the petition a duly attested copy of the records of the meeting of the shareholders of each bank authorizing such action, signed by the clerk, and a duly attested copy of the balance sheet of each bank at the close of business on the last day of the month previous to the date of the petition, signed by the treasurer.

b. (1) The assets of each bank shall be turned over to the continuing bank as soon as the order for consolidation is issued by the commissioner, and the continuing bank shall thereupon assume all liabilities accrued on account of the outstanding shares issued by the bank or banks the assets of which are so taken over, and shall be subject to all the liabilities of such bank or banks except as otherwise specifically provided herein, and thereafter all business shall be done under the title of the continuing bank except as otherwise provided in subdivision f of this section.

(2) No more shares shall be sold by the bank or banks that are taken over, but during the life of the series of shares already issued by such bank or banks, and outstanding, separate accounts shall be kept, and the monthly payments shall be due and payable as if the said bank or banks had not been taken over.

All liabilities of the consolidated banks for current expenses shall be adjusted and paid by each bank before the consolidation is finally approved by the commissioner, and a certificate to that effect from each bank, signed and sworn to by its president, treasurer and a majority of its directors, shall be filed with said commissioner and shall be *prima facie* evidence that the said liabilities have been discharged in full.

e. At the time of, and upon final approval of, the consolidation, all the offices of the bank or banks whose assets and business are taken over by the continuing bank shall forthwith become vacant and be abolished, and the continuing bank, its officers, by-laws and rules for doing business, shall govern and control in all matters relating to the banks consolidated.

f. A new name or the name of any one of the petitioning banks may be adopted as the name of the continuing bank at the special meeting called as hereinbefore provided in this section; and if such proposed name is set forth in the petition to the bank commissioner and is approved by him, it shall become the name of the continuing bank, upon the final approval of the consolidation, without further action under the laws of the commonwealth as to change or adoption of a new name on the part of the continuing bank.

At each visitation, a thorough examination and audit shall be made of the books, securities, cash, assets, liabilities, income and expenditures, including a trial balance of the shareholders' ledgers, for the period elapsed since the preceding examination. The person in charge of the examination shall render to the commissioner a report of his findings, in such form as the commissioner may prescribe, and a copy thereof shall be rendered to the board of directors within ten days after the original has been submitted to the commissioner, together with a notice of the amount of the fee to be paid as hereinafter provided, which shall be due and payable within thirty days after the date of the notice. committee.

SECTION 17. The credit committee shall hold meetings, of which due notice shall be given to its members, for the purpose of considering applications for loans, and no loan shall be made unless all members of the committee who are present when the application is considered, and at least two thirds of all the members of the committee, approve the loan and are satisfied that it promises to benefit the borrower. All

applications for loans shall be made in writing and shall state the purpose for which the loan is desired and the security offered.

SECTION 18. Loans upon the security of first mortgages upon farm lands shall in no case exceed in amount fifty per cent of the value of the property pledged as security, and shall be for the following purposes only: (a) the clearing, draining or otherwise reclaiming and permanently improving agricultural lands; (b) the providing of facilities for irrigation; (c) the planting and early care of orchards; (d) the erection of silos, cold storage plants, greenhouses and permanent farm buildings; (e) the purchase of farms and farm lands for personal occupation and management; (f) the discharge of existing farm mortgages; and, (g) subject to the approval of the bank commissioner, such other improvements of a permanent nature as, in the opinion of the directors, tend to develop agricultural resources. The mortgage deeds securing such loans shall contain a provision for immediate foreclosure if the money lent is applied in whole or in part to purposes not hereby authorized, or if, in the opinion of the directors, it is being spent unwisely or wastefully.

A credit union may, with the approval of the bank commissioner, by vote of its board of directors, issue, sell and trade in its own collateral trust bonds, which shall be known and described as farmland bonds and shall be secured as hereinafter provided by the deposit of first mortgage notes on farm lands and the mortgages securing the same. In case of failure of a credit union to pay the interest upon its bonds or the principal when due, the bonds shall be an underlying lien on all its assets and the bank commissioner shall forthwith take possession of the assets and wind up the affairs of the corporation. Loans on the security of first mortgages on farm lands shall be made, and bonds of credit unions secured thereby shall be issued, in accordance with the provisions of chapter two hundred and thirty-one of the General Acts of the current year relating to farmland mortgages and farmland bonds, and any acts in amendment thereof or in addition thereto, so far as applicable.

SECTION 19. No member of the board of directors or of either the credit or supervisory committee shall receive any compensation for his services as a member of the said board or of such committee, nor shall any member of the credit or supervisory committee, directly or indirectly, borrow from the corporation or become surety for any loan or advance made by it.

No member of the board of directors shall, directly or indirectly, borrow from the corporation or become surety for any loan or advance made by it, unless such loan or advance shall have been approved at a meeting of the members of the credit union by a majority vote of those present, and the notice of such meeting shall have stated that the question of loans to directors would be considered at such meeting.

The officers elected by the board of directors may receive such compensation as the board shall authorize.

SECTION 20. Before the payment of an annual dividend in any year, there shall be set apart as a guaranty fund twenty per cent of the net income which has accumulated during the fiscal year, except as herein-after provided. Said fund and the investments thereof shall belong to the corporation and shall be held to meet contingencies or losses in its business. All entrance fees shall be added at once to the guaranty fund. Upon recommendation of the board of directors, the members at any annual meeting may increase, and, whenever said fund equals or exceeds the amount of capital stock actually paid in, may decrease, the proportion of profits which is required by this section to be set apart as a guaranty fund: *provided*, that, if the corporation holds stock in other credit unions or in farmland banks, the percentage of profits to be set apart as a guaranty fund shall not be decreased until the

amount of the fund equals or exceeds the amount of capital stock of the corporation actually paid in and in addition thereto the amount actually paid for the shares of stock in such credit unions and farmland banks.

Receipts, etc.,  
to be audited.

SECTION 21. Immediately before a meeting of the directors called to consider the recommendation of a dividend, the supervisory committee shall make a thorough audit of the receipts, disbursements, income, assets and liabilities of the corporation for the fiscal year, and shall make a full report thereon to the directors. Said report shall be read at the annual meeting and shall be filed and preserved with the records of the corporation.

Dividends.

SECTION 22. At the annual meeting, a dividend may be declared from income which has been actually collected during the fiscal year next preceding and which remains after the deduction of all expenses, losses, interest on deposits, and the amount required to be set apart as a guaranty fund, or such dividend may be declared in whole or in part from undivided earnings of preceding years, not to exceed twenty per cent thereof in any one year, provided such earnings are a part of the surplus of the corporation in excess of all requirements of the guaranty fund.

Such dividends shall be paid on all fully paid shares outstanding at the close of the fiscal year, but shares which become fully paid during the year shall be entitled only to a proportional part of said dividend, calculated from the first day of the month following such payment in full. Dividends due to a member shall be paid to him in cash or credited to the account of partly paid shares for which he has subscribed.

Annual report.

SECTION 23. Within twenty days after the last business day of October in each year, every credit union shall make to the bank commissioner a report in such form as he may prescribe, signed by the president, treasurer and a majority of the supervisory committee, who shall certify and make oath that the report is correct according to their best knowledge and belief. Any credit union which neglects to make the said report within the time herein prescribed shall forfeit to the commonwealth five dollars for each day during which such neglect continues.

Expulsion of  
members.

SECTION 24. The board of directors may expel from a credit union any member who has not carried out his engagements with the credit union, or who has been convicted of a criminal offence, or who neglects or refuses to comply with the provisions of this act or of the by-laws, or whose private life is a source of scandal, or who habitually neglects to pay his debts, or who shall become insolvent or bankrupt, or who shall have deceived the corporation or any committee thereof with regard to the use of borrowed money; but no member shall so be expelled until he has been informed in writing of the charges against him, and an opportunity has been given to him, after reasonable notice, to be heard thereon.

Disposition of  
funds deposited  
by expelled  
members, etc.

The amounts paid in on shares or deposited by members who have withdrawn or have been expelled shall be paid to them, in the order of withdrawal or expulsion, but only as funds therefor become available and after deducting any amounts due by such members to the credit union. Such expulsion shall not operate to relieve a member from any remaining liability to the credit union.

Dissolution of  
corporation,  
etc.

SECTION 25. At any meeting specially called for the purpose the members, upon recommendation of not less than two thirds of the board of directors, may dissolve the corporation by the vote of two thirds of the members of the credit union entitled to vote. A committee of three shall thereupon be elected to liquidate the assets of the corporation under the direction of the bank commissioner, and each share of the capital stock, according to the amount paid in thereon, shall be entitled

to its proportional part of the assets in liquidation after all deposits and debts have been paid.

SECTION 26. Chapter four hundred and nineteen of the acts of the year nineteen hundred and nine and chapter four hundred and thirty-seven of the acts of the year nineteen hundred and fourteen are hereby repealed. All credit unions incorporated prior to the passage of this act shall be hereafter subject to the provisions of this act, but the provisions of this act shall not affect any rights acquired under any contract made by such credit unions prior to the passage of this act. The provisions of this act shall not be rendered inoperative or be limited or otherwise affected by any acts or parts of acts inconsistent therewith.
